

# The Pigging Products and Services Association

## Presents a one-day Seminar

*For pipeline operators, contractors and engineers*

## Solutions to your Pipeline Problems

**19th November 2008, Aberdeen, Scotland at the Marcliffe Hotel**

Presentations will be given by PPSA members, all experts in their own field.

Plan now to attend this practical and informative one-day seminar and exhibition on pipeline pigging, covering pigging techniques and applications and highlighting the latest developments within the industry.

- **Ideas Workshop**
- **Exhibition**
- **Presentations to include:**

**Inspection of offshore lines (typical water injection lines, riser etc.)** – A Hak Industrial Services BV.

**Portable temporary pig launcher and its intended application.** – Inpipe Products Ltd.

**Deepwater, high pressure and multi-diameter pipelines. A challenging in-line inspection project** – ROSEN Group.

**Multi-diameter pigging – factors affecting the design and selection of pigging tools for multi-diameter pipelines** – Pipeline Engineering.

**Securing the best performance entitlement from MFL technology** – PII Pipeline Solutions.

**Inspection of non piggable pipelines** – Pipesurvey International CV.

**TDW system revolutionises pig tracking by using two way, through wall communication between transponder and receiver** – TDW Offshore Services AS.

**RBI (Risk Based Inspection) – A Transparent process?** – Macaw Engineering Ltd.

**Client pipeline integrity software** – Weatherford Pipeline & Specialty Services
